*"And when old words die out on the tongue, new melodies
break forth from the heart; and where the old tracks are lost,
new country is revealed with its wonders."*

—Rabindranath Tagore, *Gitanjali*

GITANJALI

[I FEEL THE EARTH MOVE]

Will you fight for freedom knowing the inevitable loss ahead?

A mother pins her hopes upon her son, unknowingly
hindering his own dreams. A teacher struggles to accept
her protégé whose ambitions steer her away from tradition.

A writer drawn to his muse faces the reality
of their unresolved chapter.

These relationships collide in The Necessary Stage's
Gitanjali [I feel the earth move], a brand new interdisciplinary
and intercultural production inspired by the poetry of
Nobel Prize winner Rabindranath Tagore.
