Production information

Crossings is a multi-disciplinary collaboration between artists from Singapore and Croatia investigating the coexistence, understanding and mixing of different cultures.

Based on Asian myths, *Crossings* takes the audience on a journey of the transformation of the self – how one deals with the seduction of being imprisoned and how freedom opens us to meaningless pain.

(Synopsis and Theme)

How do we connect with one another whilst acknowledging and appreciating our differences? A woman who is a victim of a social scandal proves her fidelity by passing a test. Yet, her society does not believe her. She is exiled by her husband who is dedicated to serving his people so has to listen to their discernment to remain in power. Will she sacrifice for the larger good and suffer the unjust allegation to be with her husband or will she walk?
